

P-DTR Advanced Series

DAY 1

8:00-8:45 - Introduction

8:45- 13:00 – Tongue function and anatomy (with small breaks)

13:00-14:00 - Lunch break

14:00-16:00/17:00 – Organs function and connection and influence on muscles (with small breaks)

DAY 2

8:00-8:45 - Introduction

8:45-13:00 - Cranial nerves and Brain Nuclei

13:00-14:00 - Lunch break

14:00-16:00/17:00 - ICV syndrome and Alkalosis (with small breaks)

DAY 3

8:00-8:45 - Introduction

8:45-13:00 – TMJ/hyoid/neurological tooth

13:00-14:00 - Lunch break

14:00-16:00/17:00 - Spondylogenic reflexes (with small breaks)

DAY 4

8:00-8:45- Introduction

8:45-13:00 - Referred tooth pain

13:00-14:00 - Lunch break

14:00-16:00/17:00 – EFA metabolism and Krebs cycle (with small breaks)

DAY 5

8:00-8:45 - Introduction

8:45-13:00 – Primitive reflexes

13:00-14:00 - Lunch break

14:00-16:00/17:00 – TMJ/Hyoid/Neurological tooth (with small breaks)

DAY 6

8:00-8:45 - Introduction

8:45-13:00 – Peripheral nerves and vascular entrapments

13:00-14:00 - Lunch break

14:00-16:00/17:00 – Primitive reflexes and peripheral nerves (with small breaks)
